MEMORANDUM FOR

Commander, Albuquerque District  
~~Commander, Los Angeles District~~  
Commander, Sacramento District  
Commander, San Francisco District

SUBJECT: CESPD Regulation 1110-1-8, South Pacific Division Quality Management Plan

1. The third annual update (26 May 2000) of CESPD Regulation Number 1110-1-8, South Pacific Division Quality Management Plan (QMP) has been completed and is available on the CESPD Internet Homepage at <http://www.spd.usace.army.mil>. This regulation provides the general policy and procedures for execution of quality assurance activities in CESPD and of quality control activities in the districts and other field operating activities within CESPD. The QMP is a result of a team effort by the technical elements of the Directorate of Engineering and Technical Services (Planning, Engineering, Real Estate and Construction-Operations Divisions) and of the Directorate of Program Management with input from the various technical elements within your district since the last update of this document.

2. Significant revisions or additions to the QMP include:

a. Recognition that quality management (QM) is an integral part of the Regional Project Management Business Process (RPMBP).

b. Regional training, in part, as quality assurance responsibility of SPD to ensure a qualified regional workforce for development and review of our districts' products.

c. Description of the role of the District Support Teams (DST) at SPD in support of your district's product development process.

d. Description of the Regional Technical Specialist's Program as an important Division-wide resource for product development and review.

e. Expansion of the PM Subplan to include all aspects of the Division's and your district's Program Management responsibilities, including Civil Works Program Development and Management as well as Military Program Management.
